Finance Document Sample Licensing

Thank you for your interest in our Finance Documents project. To move forward, we invite you to submit a sample of your human-generated work for a formal quality review. This will be the next step in the application.

Evaluation & Licensing Submissions will be evaluated specifically on their structural richness and visual polish. If your sample meets our quality standards, we will proceed with a larger licensing agreement for a broader collection of similar documents. If the material does not meet our current needs, it will be promptly and permanently deleted to protect your intellectual property.

Technical Requirements We are exclusively seeking high-quality, real-world .DOCX files. Please note that PDF-to-DOCX conversions will not be accepted. Priority will be given to documents featuring charts, detailed methodology, uncertainty/assumptions, reproducibility notes, and stakeholder-ready summaries. AI-generated / AI-assisted documents will not be accepted.

Accepted Document Types:

- Investment Memo
- Equity Research Reports
- Valuation / Deal Diligence

- Credit Memo
- Budget Variance / FP&A Pack
- Audit / Accounting Report
- Board or Investor Update

Compliance & Rights Please only share material that you personally created and have the legal right to share. We cannot accept anything owned by a current or former employer, subject to confidentiality restrictions, or copyrighted by another individual or organization.

We will follow up shortly if your document is selected for the next round.

We consider all qualified applicants without regard to legally protected characteristics and provide reasonable accommodations upon request.

Contract and Payment Terms

- You will be engaged as an independent contractor.
- This is a fully remote role that can be completed on your own schedule.
- Projects can be extended, shortened, or concluded early depending on needs and performance.
- Your work at Mercor will not involve access to confidential or proprietary information from any employer, client, or institution.
- Payments are weekly on Stripe or Wise based on services rendered.
- Please note: We are unable to support H1-B or STEM OPT candidates at this time.

About Mercor

Mercor partners with leading AI labs and enterprises to train frontier models using human expertise. You will work on projects that focus on training and enhancing AI systems. You will be paid competitively, collaborate with leading researchers, and help shape the next generation of AI systems in your area of expertise.

Legal Expert — Transactional / Corporate

Hourly contract / Remote / 39 hired this month / **\$85-\$120** per hour

Location Requirements: United States / Canada / United Kingdom

About the Role

Mercor is partnering with a leading AI lab to train frontier models on high-quality legal reasoning data. We're hiring Transactional and Corporate Attorneys to design realistic deal scenarios, evaluate model outputs against established legal and commercial standards, and help shape how the next generation of AI reasons about M&A, contracts, securities, and corporate governance.

We welcome M&A associates and partners, in-house transactional counsel, corporate generalists, and senior associates in transactional practices. Specialists in IP transactions, real estate, or tax are encouraged to apply via the matching specialty listing where available.

What You'll Do

- Design realistic deal scenarios drawn from your transactional practice (M&A due diligence, SPAs/APAs, securities filings, NDAs, governance, disclosure schedules)
- Write "golden" reference responses at attorney-level quality
- Grade AI-generated responses against structured rubrics
- Provide written feedback the research team uses to improve model behavior
- Participate in onboarding office hours and specialty calibration sessions

You're a Good Fit If You

- Have 1–4 years of professional experience in transactional or corporate law at a law firm, in-house legal department, or similar
- Hold a J.D. (U.S./Canada) or LL.B./LL.M. (U.K.) from an accredited law school
- Are licensed to practice law in the U.S., Canada, or U.K. (active or inactive)
- Have strong experience with contract review, due diligence, corporate governance, NDA drafting, or securities filings
- Demonstrate excellent written communication skills with high attention to detail

Bonus Qualifications

- Disclosure schedules or closing checklists experience

- Private equity, venture capital, or fund formation exposure
- SEC reporting or securities offering experience
- Familiarity with virtual data rooms (Intralinks, Datasite, etc.)

Role Highlights

- Minimum 20 hours per week (ideally 40+)
- Fully remote — must be based in the United States, Canada, or United Kingdom
- Role starts immediately, applications reviewed on a rolling basis

Compensation

- \$85–\$120/hr

We consider all qualified applicants without regard to legally protected characteristics and provide reasonable accommodations upon request.
